OUR STRONG

HUMBAUR KÜHLKOFFER

MAKES IT HAPPEN

PUR FERRO

The PurFerro brand is known for its polyurethane foam core and steel outer layers. The combination of the outer layers and the rigid core means **high load bearing capacity** and rigidity. The core also delivers **excellent thermal insulation**. The polyurethane foam core is **100% CFC-free**. The two steel outer layers have a polyester coating, which makes for a **smooth surface**. This means **that the material is easy to clean and can also be painted or fitted with decals**.

reduced energy use

easy to clean

The coolest solution for every task.

reduced fuel consumption

thanks to improved aerodynamics

sophisticated usability and functionality

higher residual value & resale value

- hot-dip galvanised frame
- sandwich panel with steel top layer
- proven Humbaur quality

Need financing?
